Please do not include any materials costs in your payment – these will be paid directly to the Tutor at the workshop.

A place on your workshop(s) will only be confirmed a week before the date as we have to ensure there are sufficient places taken up to make workshop viable. Your payment may not be banked until confirmation of the workshop has been made. If your workshop is cancelled due to lack of take up then alternatives will be offered. Places on a workshop can only be held for one week (7days) by telephone call or preferably email; only received payment will confirm your place(s).
